

A plea from the donkeys

*Leave a lasting gift
to enable us to live out
our lives with dignity.*

A culture of caring since 2007

A bequest to Eseltjiesrus Donkey Sanctuary is a simple but meaningful way to ensure that your compassion for these humble animals lives on.

You don't have to be wealthy to help donkeys in need; even a small amount will make a difference.

A bequest costs you nothing now but indicates your commitment and passion.

Make provision for your loved ones in your will and then allocate a specified amount, or particular items, or the residue of your estate to Eseltjiesrus. This will ensure that we can continue to provide refuge and care to donkeys in need - and reach beyond our fences through education programmes, far into the future.

A bequest to a registered charity can carry favourable tax relief. Eseltjiesrus Donkey Sanctuary is a registered Public Benefit Organisation (PBO) therefore:

- A bequest to the Sanctuary can save you Estate Duty.
- A bequest of a physical asset can save on Estate Duty and Capital Gains tax.
- A bequest of a life policy to the Sanctuary can save on Estate Duty.

*Oumatjie was rescued after living a life of misery for 20 years.
Now she is getting love, care and attention.*

You do not have to rewrite your will: a codicil is a simple way of adapting or adding to your intentions. Contact us for an example.
